This information is only intended to provide additional information regarding current estimates of certain factors management believes will likely affect earnings for 3Q 2019 relative to 2Q 2019 to assist investors, analysts and others in formulating their own estimates. It is not intended to be a comprehensive presentation of all factors that will affect the Corporation's sequential earnings or to provide an estimate of the Corporation's 3Q 2019 earnings. Actual earnings and the impact of factors identified here may vary depending on the impact of other factors not identified here and are subject to finalization of the Corporation's financial reporting process for the third quarter.

Outlooks, estimates, projections and other statements of future financial impacts of certain factors as provided in this publication are forward-looking statements within the meaning of the Private Securities Litigation Reform Act. Actual future impacts of these certain factors for 3Q 2019 may vary from our estimates for a number of reasons, including additional unidentified factors related to: sales volume and sales mix numbers; maintenance costs and incidents; production growth and mix; financing costs; the resolution of any contingencies and uncertain tax positions; environmental and capital expenditures; price impacts; determinations of the outcomes of contractual terms during the quarter, the outcome of commercial negotiations related to the quarter; the timing and regulatory approval of any acquisitions or divestments; resolution of trading and derivative positions for the quarter; the impact of fiscal and commercial terms applicable to the quarter; regional differences for product demand; regional pricing differentials; changes in regulatory policies and any associated liabilities; updates or corrections of any estimate used herein; and other market conditions in the oil, natural gas, petroleum, and petrochemical industries. Furthermore, additional factors may exist that will be relevant to 3Q 2019 earnings that are not currently known or fully understood. All forward-looking statements and the assumptions in this publication speak only as of the date hereof. We do not assume or undertake any obligation to update these forward-looking statements or assumptions as of any future date. Any future update or expansion of the forward-looking statements in this publication will be provided only through a public disclosure indicating that fact.
