Hello ExxonMobil shareholder,

Our annual meeting of shareholders is almost here, and it's not too late to vote!

As you consider your votes, check our latest shareholder [summary](#) to see the ways that we're helping to meet the world's energy needs and reduce greenhouse gas emissions, including:

- How our financial results led industry in 2022, including more than \$30 billion in shareholder distributions
- How we're investing ~\$17 billion through 2027 on lower-emission initiatives to reduce greenhouse gas emissions from our own operations and help others do the same
- How we cut operated methane emissions in half since 2016 and eliminated routine flaring in our Permian Basin operations

The [summary](#) also provides our **Board of Directors recommendations for voting AGAINST the 12 shareholder proposals**. More details on these recommendations are included in the [2023 proxy](#), beginning on page 77.
